1 - Once you've downloaded the installation file from [here](#), drag KortextReader to your Applications folder

2 - Click on KortextReader in the folder, you'll then see a pop-up saying "KortextReader" is an app downloaded from the internet. Are you sure you want to open it? - select 'Open'

3 - Sign in to the app with your Kortext username and password

The image shows a web browser window titled "KortextReader - Library". The main content area features the "Kortext" logo in a large, bold, purple font. Below the logo, there is a sign-in section. On the left, the text "Sign in" is displayed in a bold, purple font. To the right of "Sign in" is a link that says "FORGOT PASSWORD?". Below these are two input fields: the first is labeled "Email / Username" and the second is labeled "Password". Underneath the input fields is a teal button with the text "SIGN IN" in white. Below the sign-in button, there is a horizontal line with the text "New to Kortext?" centered above it. Underneath this line is another teal button with the text "CREATE A NEW KORTEXT ACCOUNT" in white. The entire sign-in form is set against a light gray background with purple accents at the top.
